## INDEPENDENT AUDITORS' REPORT

To the Members of American Homeowner Preservation 2015A+, LLC:

### Report on the Financial Statements

We have audited the accompanying financial statements of American Homeowner Preservation 2015A+, LLC (the "Company"), which comprise the statement of financial condition, including the condensed schedule of investments, as of December 31, 2018, and the related statements of operations, changes in members' equity, and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Homeowner Preservation 2015A+, LLC as of December 31, 2018, and the results of its operations, changes in its members' equity and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### A. ORGANIZATION AND NATURE OF OPERATIONS

American Homeowner Preservation 2015A+, LLC (the “Company”), is a limited liability company organized on January 21, 2016 under the laws of state of Delaware. The Company is wholly owned by its parent company, Neighborhoods United, LLC, a limited liability company organized under the laws of Delaware. AHP Capital Management LLC (the “Investment Adviser”), also a subsidiary of Neighborhoods United, LLC, shall provide investment advisory services to the Company. AHP Servicing, LLC (“AHPS”), also a subsidiary of Neighborhoods United, LLC, shall provide asset management services to the Company as well as subservicing for a portion of the Company’s mortgage loans.

The Company was formed to purchase non-performing mortgage loans (loans that are secured by a mortgage on real estate and delinquent on payments).

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in United States of America (“GAAP”) and are stated in U.S. dollars.

In accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 946, Financial Services – Investment Companies (“ASC 946”), the Fund has determined that it is an investment company and has applied the guidance in accordance with ASC 946.

#### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

The Company considers cash equivalents to be short-term, highly liquid investments, such as money market funds that are readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value due to changes in interest rates, which generally includes only investments with original maturities of three months or less.

#### **Revenue and Cost Recognition**

The Company earns revenues by selling purchased mortgage loans and through interest earned from obligors on purchased mortgage loans held by the Company. The Company recognizes revenue in accordance with FASB ASC 605, *Revenue Recognition*, only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the services have been provided, and collectability is assured. Expenses are recognized as incurred.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### **Net Earnings or Loss per Unit**

Net earnings or loss per unit is computed by dividing net income or loss by the weighted-average number of units outstanding during the period, excluding units subject to redemption or forfeiture. The Company presents basic and diluted net earnings or loss per unit. Basic and diluted net earnings or loss per unit reflect the actual weighted average of units issued and outstanding during the year. There are no dilutive or potentially dilutive instruments outstanding as of December 31, 2018.

#### **Organizational Costs**

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fees, and costs of incorporation, are expensed as incurred.

#### **Deferred Offering Costs**

The Company complies with the requirements of FASB ASC 340-10-S99-1 and SEC Staff Accounting Bulletin (SAB) Topic 5A - "Expenses of Offering". Deferred Offering Costs consist principally of legal fees incurred in connection with the Proposed Offering discussed in Note J. Prior to the completion of the Proposed Offering, these costs are capitalized as deferred offering costs on the statement of financial condition. The deferred offering costs will be charged to members' equity upon the completion of the Proposed Offering or to expense if the Proposed Offering is not completed.

#### **Income Taxes**

The Company is a limited liability company. Accordingly, under the Internal Revenue Code, all taxable income or loss flows through to its members. Therefore, no provision for income tax has been recorded in the statements. Income from the Company is reported and taxed to the members on their individual tax returns.

The Company accounts for income taxes under FASB ASC 740, *Income Taxes*. FASB ASC 740 requires the recognition of deferred tax assets and liabilities for both the expected impact of differences between the financial statements and tax basis of assets and liabilities and for the expected future tax benefit to be derived from tax loss and tax credit carry forwards. FASB ASC 740 additionally requires a valuation allowance to be established when it is more likely than not that all or a portion of deferred tax assets will not be realized. FASB ASC 740 also clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### Real Estate Owned

Real estate owned includes real estate acquired in full or partial settlement of loan obligations plus capitalized construction and other development costs incurred while preparing the real estate for sale. At the time of foreclosure, the property is recorded at the acquisition price. Improvements made to real estate owned property are capitalized. The maintenance of the real estate owned, including expenses associated with the property's disposition, is expensed as incurred. The Fund actively works to sell the acquired real estate, and gains or losses on these dispositions are recorded as realized gains or losses.

### C. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon the market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs – Inputs other than the quoted market prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

### NOTES TO FINANCIAL STATEMENTS

---

#### C. FAIR VALUE MEASUREMENTS – CONTINUED

While the Company believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial statement items could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such items existed, or had such items been liquidated, and those differences could be material to the financial statements.

The following is a description of the valuation methodologies used by the Company for assets measured at fair value.

##### **Valuation of Non-Performing Mortgage Loans**

After purchasing a loan, the Company intends to reach out to the obligor on the mortgage loan to achieve a speedy resolution that is acceptable to both the obligor and the Company through one or more of the following resolutions: A) The obligor is able to refinance the mortgage loan and continue to reside in the underlying real estate; B) Without refinancing, the Company accepts a discounted lump sum to sell the mortgage loan and the obligor continues to reside in the underlying real estate; C) The Company will modify the terms of the mortgage loan and the obligor continues to reside in the underlying real estate; D) Where the obligor cannot afford to stay in the real estate, the Company will take ownership of the underlying real estate, either on a consensual basis or through repossession by foreclosure, and sell it to another party. The Company's management has broad discretion with respect to the specific application of the net proceeds of its proposed offering (as described in Note J), although substantially all of the net proceeds of the proposed offering are intended to be generally applied toward these business purposes. There is no assurance that the company will be able to successfully affect the proposed offering.

At December 31, 2018, the Company had investments in non-performing mortgage loans totaling \$30,673,147, which includes \$369,950 of principal payments collected and \$6,119,762 of acquisition costs, measured using net asset value as a practical expedient, which are not categorized in the fair value hierarchy.

The Company has established valuation processes and policies for its investments to ensure that the methods used are fair and consistent in accordance with ASC 820. The Value of Assets Remaining is primarily the value assigned to the remaining assets as of the time they were purchased, in some cases written down (but not up). The Investment Adviser uses a proprietary pricing tool to evaluate loan purchases. The proprietary pricing tool takes into account factors that include, but are not limited to, the estimated value of the real estate securing each loan and the history of loan payments. The Company reevaluates the value of its assets periodically.

## **AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC**

### **NOTES TO FINANCIAL STATEMENTS**

---

#### **C. DUE TO ESCROW AGENT**

The Company executes securities transactions and enters into security positions through certain escrow agents. The Company is subject to counterparty risk to the extent that an escrow agent with whom it conducts business may be unable to fulfill contractual obligations on the Company's behalf. The General Partner monitors the financial condition of such escrow agents and does not anticipate any losses from these counterparties. At December 31, 2018, the cash deposit amounts advanced on behalf of the Company by escrow agents totaled \$291,390.

#### **D. PROMISSORY NOTE PAYABLE**

The Company executed a secured promissory note for \$7,000,000 dated December 29, 2017 with Keystone National Group, LLC. The interest is assessed on a fixed rate basis, at rate of 12% per annum. The Note is collateralized by various non-performing mortgage loans and other assets of the Company. At December 31, 2018, the amount due to Keystone National Group, LLC is \$227,466. The Note matures on December 29, 2019.

#### **E. LINE OF CREDIT**

During 2018, the Company issued an unsecured line of credit to a related party with an availability of \$1,000,000, at an interest rate of 20% per annum, and a maturity date of January 19, 2020. There was no outstanding balance on the line of credit at December 31, 2018. Interest income for the year ended December 31, 2018 totaled \$22,954.

#### **F. CREDIT RISK**

The Company is subject to credit risk to the extent that the banks and brokers the Company conducts business with are unable to fulfill their contractual obligations and the amounts exceed those insured by the Federal Deposit Insurance Corporation or the Securities Investor Protection Corporation. Management of the Company monitors these counterparties and does not expect any losses.

#### **G. RELATED PARTY TRANSACTIONS**

The Company will bear a monthly management fee to the Investment Adviser equal to 0.1667% (2% annually) of the aggregate capital accounts of the members as of the last day of each calendar month. The Company will bear a monthly fee of \$60 to AHPS for each active asset of the Company. Such management fee shall be paid to the managing member no later than the fifteenth (15<sup>th</sup>) day of the following month. The Company will also bear fees, costs, and expenses as reasonably determined by the Managing Member.

The amount due to AHPS related to subservicing and asset management fees totaled \$121,393. The amount due to the Investment Adviser related to investment advisory services totaled \$49,983. These amounts are included in due to related parties at December 31, 2018.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### H. RELATED PARTY TRANSACTIONS – CONTINUED

Due from related parties represents amounts receivable to the Company for payments made on behalf of related companies under common management that enter into similar transactions with the same counterparty. As of December 31, 2018, due from related parties totaled \$370,439.

In the event related companies are unable to fulfill their obligations with the counterparty, the Company may be required to perform to the extent the related companies have outstanding obligations.

The Managing Member made a capital contribution of \$10,000 to the Company in exchange for its Class M Interest, consisting of 10,000 Class M Units.

Certain members are affiliated with the Managing Member. The aggregate value of the affiliated members' share of members' equity at December 31, 2018 is \$28,786, consisting of 28,768 Class A Units.

### I. MEMBERS' EQUITY

The debts, obligations, and liabilities of the Company, whether arising in contract, tort, or otherwise, are solely the debts, obligations, and liabilities of the Company, and no member of the Company is obligated personally for any such debt, obligation, or liability.

The Company allows for accredited and non-accredited investors. The Securities and Exchange Commission (SEC) has specific requirements that need to be met to be considered an accredited investor. Non-accredited investors have a limitation on how much can be invested in the Offering. The Interests in the Company are divided into two classes of interest: "Class A Interests" (or "Class A Units") and "Class M Interests" (or "Class M Units"). All of the Class M Interests shall be owned by the Managing Member, as defined in Note E. The Class A Interests shall be owned by members whose subscriptions are accepted by the Managing Member to own Class A Interests, which may include the Managing Member and/or its affiliates.

Members owning a Class A Interest are referred to as "Class A Members" and members owning a Class M Interest are referred to as "Class M Members." The Class A Interest of a Class A Member shall be equal to a fraction, the numerator of which is such Class A Member's Capital Contribution to the Company and the denominator of which is the aggregate of all Capital Contributions made to the Company.

The Managing Member shall manage and conduct the business and affairs of the Company, in accordance with the operating agreement. No other member shall participate in the management of the Company. Therefore, Class A Members have no voting rights. The Managing Member is under no obligation to fund Company cash flow deficits, incur the obligations, debts, or liabilities of the Company, or otherwise provide direct or indirect financial assistance to the Company.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### I. MEMBERS' EQUITY - CONTINUED

Each Class A Member shall make a Capital Contribution to the Company in an amount determined by the Managing Member. The Managing Member has made a Capital Contribution of \$10,000 to the Company in exchange for its Class M Interest, as described in Note H. The number of interests and capital accounts in the Company are unlimited; however, the Company is limited to no more than \$50,000,000 in capital contributions during any period of twelve month period.

All distributions made by the Company, including but not limited to distributions in liquidation, are to be made in the following order of priority: A) First, the Company is to distribute to each Class A Member an amount equal to the Class A Preferred Return as defined below; B) Second, the Company is to distribute to each Class A Member an amount equal to such Class A Member's Unreturned Investment as defined below; and C): Third, the Company is to distribute the balance to the Class M Members.

For the purposes of the foregoing paragraph, the following definitions apply:

- Class A Preferred Return: An amount such that, as of the date of any distribution, such Class A Member has received a compounded return of 12% with respect to such Class A Member's Unreturned Investment since the date of such Class A Member's capital contribution.
- Unreturned Investment: Class A Member's capital contribution, reduced by previous distributions made to such Class A Member.

The Managing Member must try to return all of the money invested by each Class A Member no later than the fifth (5th) anniversary following the investment. If the Company doesn't have enough money, Class A Members might receive a return of their investment later than five years, or not at all. If the Company is profitable, its intention is that investors will receive a return of their investment sooner than five years.

Likewise, the Company's profits and losses are allocated 100% to Class A Interests outstanding on a pro rata basis until a 12% compounded return on all Class A Interests' Unreturned Investment is achieved. All profits and losses thereafter are allocated to Class M Interests outstanding on a pro rata basis. For the year ended December 31, 2018, the Company's net income was allocated 100% to the Class A Interests.

### J. PROPOSED OFFERING

The Proposed Offering calls for the Company to offer for sale under Regulation A up to \$50,000,000 of its Class A Interests. This offering is finalized and qualified by the Securities and Exchange Commission (SEC) and is not subject to changes. As of May 24, 2018 the Offering was closed and no longer accepts new investments.

# AMERICAN HOMEOWNER PRESERVATION 2015A+, LLC

## NOTES TO FINANCIAL STATEMENTS

---

### K. MANAGEMENT INDEMNIFICATIONS

The Operating Agreement provides general indemnifications to the Managing Member and its respective affiliates, and employees when acting in good faith on behalf of the Company. The Managing Member is unable to estimate any potential future payment amounts and expects the risk of any such loss to be remote, accordingly no accrual has been made for a liability as of December 31, 2018.

### L. FINANCIAL HIGHLIGHTS

The financial highlights presented are for year ended December 31, 2018:

<b>Total Return:</b>	<u>Class A Members</u> <u>4.07</u> %
<b>Ratios to average Class A Member's equity:</b>	
Total expenses	<u>5.42</u> %
Net investment loss	<u>(0.93)</u> %

The financial highlights presented are for the Company's Class A Members as whole. These returns are calculated using a monthly geometrical arithmetic average that is not equivalent to the 12% preferred return of Class A Members. Due to the timing of equity contributions and distributions, an individual Class A Member's returns may vary and the total return may vary from year to year based on the total balance of Class A Units issued and outstanding. The net investment loss ratio excludes realized and unrealized gains.

### M. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through April 29, 2019, the date the financial statements were available to be issued. Based on the evaluation, no material events were identified which require adjustment or disclosure.
